This is the premise of the first book both to feature student perspectives on school and to foreground student voices; middle and high school students are the primary authors of the eight chapters collected in this volume aptly titled In Our Own Words. Reflecting differences of gender, racial, and ethnic background, and school context, the student authors write passionately and eloquently about their experiences of and desires for school.

It started out with a drawing on a piece of paper. Almost three years ago, Sixties Scoop survivor Colleen Hele-Cardinal spoke with Canadian Geographic about her dream of creating a map that would document the individual displacement stories of the Indigenous children taken from their families in the mid-20th century. Beginning in the late 1950s, some 20,000 children were removed from their ...

Here, in their own words, is what success means to today's university students: Cultivating grit. One of the biggest barriers students impose on themselves is believing they're not cut out for college. Reversing this self-defeating attitude and instead training students to see early setbacks as challenges to overcome, rather than proof of ...

Only in the process of putting these ideas into your own words, making them your own, will you really come to understand them. That is the main reason why as a student you will often be told to write using your own words. The more you can express an argument in your own language, the more you will understand it.
